CASINOS ADAPTED DURING COVID-19

Missouri casinos found a way to **take care of their team members**, give generously, **reopen safely** and be a strong economic contributor.

The year 2020 was unlike any other in the history of casinos in Missouri. When the COVID-19 pandemic took hold last March, all 13 casinos were forced to close on short notice. Despite the hardships posed last year, Missouri casinos found a way to take care of their team members during the three-month closure, give generously back to the community, invest in capital improvements and ultimately reopen with new precautions to protect guests and be a major economic contributor to the state.

Highlights of casino response to the pandemic include:

- ▶ Most casinos had thousands of dollars of perishable food on hand when they had to cease operations, which they donated locally to those in need.
- ▶ Casinos and their team members donated more than **\$618,000** to community service fundraisers even though many in-person charity events were cancelled.
- ▶ Casinos supported employees in various ways during the closure including paying wages, continuing health benefits, offering counseling services and providing support to navigate the unemployment process. A majority of employees were able to return to their positions once the casinos opened.
- ▶ All casinos implemented policies to meet or exceed the local guidelines of their community to keep guests and team members safe, including:
 - Requiring face coverings
 - Signage to assist in social distancing
 - Sanitizing stations
 - Taking temperatures
 - Spreading out or closing slot machines
 - Limiting guests at game tables and restaurants
 - Stringent cleaning protocols
 - Health education and employee training
 - Providing PPE for team members and guests
 - Plexiglass barriers
 - COVID-19 testing of team members
 - Contact tracing
 - Adjusting food and beverage service

Guests at **Ameristar Casino Hotel Kansas City** now enjoy updated accommodations following the casino's \$9.7 million complete renovation of all 184 hotel rooms. Two new restaurants also were added — The Burger Joint and Willy & Jose's, a Mexican dining option.

Harrah's North Kansas City completed an upscale, private gaming room that allows qualifying guests a private room in which to gamble.

Ameristar Casino Resort Spa St. Charles' \$3.9 million capital improvement projects in 2020 are highlighted by new slot machines and the transition of the Landmark Buffet to the Landmark Atrium.

Isle of Capri Casino Boonville completed the \$2.7 million The Brew Brothers®, a comfortable, modern restaurant where guests can catch sports games on more than 20 TVs, including three huge video walls.

On their 8th floor, **Lumiere Place Casino & Hotels – St. Louis** added the innovative, interactive Topgolf Swing Suite, featuring two golf simulator bays and a variety of virtual games.

Three casinos — **Century Casino Cape Girardeau, Century Casino Caruthersville and Casino KC** — completed rebranding under new names.

SCHOLARSHIP INSPIRES YOUTH TO EDUCATE PEERS

“It is important to be educated on the risks of underage gambling just as we are educated on the risks of alcohol and drugs.”

- ABIGAIL HORN

Now in its 25th year, the Project 21 Scholarship program has awarded more than \$165,000 in scholarships to Missouri high school seniors and educated hundreds of thousands of Missouri students about the issues and dangers of underage gambling. In Missouri, it's illegal for anyone under 21 to gamble in a casino.

In 2020, the Missouri Gaming Association awarded one \$2,500 scholarship and three \$1,500 scholarships through Project 21. Students created essays, posters or videos, and displayed or published them at their schools to educate peers about the illegality and dangers of underage gambling.

Abigail Horn of Central High School in St. Joseph won the \$2,500 Project 21 scholarship by creating an essay and

poster titled “All Bets Off Until 21.” Her poster was displayed for teachers and classmates at her high school.

“It’s a startling statistic to hear that up to 80% of high school students have gambled for money this past year, according to ncpgambling.org,” said Horn. “It is important to be educated on the risks of underage gambling just as we are educated on the risks of alcohol and drugs”.

The \$1,500 Project 21 Scholarship winners were Gwyneth Anne Wood of Tipton High School, Claudia St. John of Staley High School in Kansas City, and Morgyn Taylor of Eldon High School.
